Dear Customer:

Resolution No. 273-12-91, effective January 1, 1992, provides that all property owners will be billed directly.

Please be advised that water charges are lienable on the property, so property owners are ultimately responsible for the water charges. A duplicate billing option is available for owners who want their tenant / Property Manager to also receive copies of the bills and notices.

To let us know of your preference for the single or duplicate billing method, please complete the following form and return it to Lake Meridian Water District. Until we hear from you, we will assume that the information we have on file is correct and that you would like single billing to go to the owner.

Should you have any questions or require additional information, please feel free to contact our office at (253) 631-3770. Thank you for your time.
