2. Description of agency action:

The Lake Meridian Water District plans to construct and install the Well 6R Drilling and Testing project. The District's SEPA Responsible Official issued a DNS relating to the project on April 26, 2021.

3. Description of proposal:

The proposal is for the construction of the Well No. 6R drilling and testing project, which includes the replacement of an existing municipal water well. The project also includes constructing a short gravel access road to the new Well No. 6 location, terminating a portion of existing fencing for the access road, repairing impacted asphalt roadway and concrete sidewalk/curb, drilling the Well 6 hole, and establishing necessary erosion control measures. The gravel access road will be approximately 15 feet wide, 75 feet long, and 12 inches deep. In addition there will be a gravel pad approximately 40 feet wide, 40 feet long and 12 inches deep at the end of the gravel road. The asphalt roadway repair is anticipated to be approximately 20 square feet and the concrete sidewalk/curb repair is anticipated to be approximately 110 square feet. The site is level and erosion control measures will include silt fencing and catch basin inlet protection.

4. Location of proposal: The project is located in Sun Meadows Park, Kent, Washington with the following address: 13120 SE 282<sup>nd</sup> Way, Kent, Washington 98030. Parcel No. 8091411150.
